

ASSEMBLY BILL

No. 259

Introduced by Assembly Member Adams

February 5, 2007

An act to amend Section 11054 of the Health and Safety Code, relating to controlled substances.

LEGISLATIVE COUNSEL'S DIGEST

AB 259, as introduced, Adams. Controlled substances: Schedule I. Existing law lists various controlled hallucinogenic substances in Schedule I.

This bill would add Salvia Divinorum to that list.

Because this bill would expand the definition of existing crimes, it would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 11054 of the Health and Safety Code is
- 2 amended to read:
